

THE CITY OF SOUTH BEND PRESENTS

CITY CEMETERY MASTER PLAN

Planning Session: Thursday, March 5

**5:30 PM, MARTIN LUTHER KING JR. RECREATION CENTER
1522 LINDEN AVENUE**

Why should I attend this session? The City of South Bend needs to hear from you concerning the future of City Cemetery, established in 1832 as the City's first planned open space. While City Cemetery contains historic links to South Bend's origin, it is both underappreciated and in need of improvement. The City of South Bend will be presenting improvement concepts designed to benefit the cemetery and positively impact the surrounding area. Please attend, bring a friend, and make a difference!
