

Conserve and Protect Natural Habitats and Green Spaces

Support habitat preservation and green space conservation projects through advocacy, education, and support. Activities may include outreach, connecting the community to supplies, donations, and/or education resources, and networking with neighborhood, educational, and business groups.

Gather support with and educate builders and developers	<input type="checkbox"/> Person <input type="checkbox"/> Organization <input type="checkbox"/> Location <input type="checkbox"/> Best Practice/Case Study
Zoning rules for green space – review ordinance	<input type="checkbox"/> Person <input type="checkbox"/> Organization <input type="checkbox"/> Location <input type="checkbox"/> Best Practice/Case Study
Team/communicate with DNR – "parks"	<input type="checkbox"/> Person <input checked="" type="checkbox"/> Organization <input type="checkbox"/> Location <input type="checkbox"/> Best Practice/Case Study

Suggested Strategy or Approach

Need well developed non-profit support for implementation
 Green Roof encouragement
 Rebrand existing green spaces with just a bit of investment and advertisement
 "Vacant to value" vacant lots
 Howard Park
 Education:

- Present to schools
- Placemaking to kids "pick their favorite spaces"
- Leaf collection/tree ID
